

Dear Parent/Carer

The new Parent App – easy access to important school information on your child/children

We have a convenient new way to share information with you about your child's school life. You are now able to access our new parent app, which we hope you will find convenient and easy to use. You can access the Parent App from a smartphone, tablet or PC – anytime, anywhere.

What will you find in the SIMS Parent app:

- Important information such as attendance, behaviour and achievements
- School term, teacher training days and contact details available at the click of a button
- Access to your child's/children's school reports
- Receive notifications to remind you about important information such as key dates for your diary
- Access to update your contact details, so we always have the most up-to-date information in case of emergency
- If you have more than one child at school, you'll have access to information for all your children, from the same app.

The information that you receive through the app will help you to stay up-to-date with your child's school life as well as support your child's development and progress.
