

Week 9 09/11/18

7 Key Features of a Stopsley Student

1. Punctual
2. Presentable
3. Prepared
4. Respectful
5. Focused
6. Co-operative
7. Determined To Succeed

Headteacher's Letter

Dear parents & carers

It was good to see so many of you at the Year 7 and 10 tutor parents evening. The feedback was helpful and we have tried to ensure you have more information this year in terms of how your child is settling in to the start of their new courses.

Our apprenticeship evening was a great success with representatives from many different companies and colleges including; TUI, Vauxhall, Leonardo, LBC and our local collages to name just a few. This is a fast growing area of employment and training for young people today and we are proud to say that we have an excellent track record in placing successful apprentices. We have two of our own in school, one in the construction department and one in the finance team.

Next week we will be celebrating with our Ex-Year 11 students at our annual awards evening. The results were good this year and show the huge improvements that we have made as a school.

Have a good weekend.

Karen Johns

Apprenticeship Evening

On Tuesday evening our careers department hosted an apprenticeship evening for year 11 students and their parent/carers. The aim of the evening was to inform students and their parents all about apprenticeships.

Thank you to Hollie Sturgess from Workpays for opening the event.

After the presentation everyone was invited to go into the library where we had some apprenticeship providers and colleges available to talk about their particular apprenticeship programmes and opportunities.

Students interested in applying for an apprenticeship will be offered to attend a 4 week workshop from January.

Term Dates

School Closes: Thursday 20th
December, Finish at 2:10pm

Teacher Training Day: Monday
7th January 2019

School Opens: Tuesday 8th
January 2019

House Points Board

	Olympia	23902
	Hellenic	26401
	Corinth	23093

Food Enrichment Day

The year 9 students involved had a fun, informative and challenging day. The day gave them an insight to the AQA GCSE course that we offer. We also discussed careers in food and nutrition and the qualifications required for each role. Students enjoyed learning new skills, such as bread and pasta making; they utilised these skills to produce three dishes of their choice.

“I found the cooking enrichment day very educational but tiring. It was a great thing to be a part of because I would like to take cooking as a GCSE and it showed me how I need to manage time, and I learnt how to cook three things at once, to make three perfect dishes. I have used cooking tools that never thought I could even touch; I have learnt methods that I can use for life. By the end of the day I felt like a much stronger cook and I hope I will keep cooking in the future. I hope everyone thinks about taking cooking it's such a good life skill to learn and a really enjoyable experience.” **Keira Year 9**

Our Value for the Month

• Co-operation •

Remembrance

In remembrance of the 100 year anniversary of the end of WW1 Stopsley students and staff have created an installation of 100 wooden poppies. This piece of work was created in collaboration between Design technology and the Art department and installed by students from forms 4F and 2A. During the planting of the poppies students considered the meaning behind remembrance and the impact that the lives lost still hold today.
