Welcome

Hello and welcome back to the Stopsley High School Student Voice newsletter. In this issue, we will be giving you exclusive inside info on the Macmillan bake sale, an interview with Year 7 diver Tilly Rollinson, and an exciting announcement about a trip to the theatre. We're also looking forward to greeting our potential new students on our open evening on 3rd October - we hope to see you there!

Macmillan

This week, Stopsley High School took it upon themselves to raise money for Macmillan cancer research. The money raised will go to children in need and give them the support they need to get back on their feet and even try and find cures to help many people in the world. The bake sale was a great success and a huge thank you goes to the year 10 GCSE students who baked and to all who brought in cakes. It was all much appreciated and every penny counts to win the fight against cancer. A massive thanks to Mrs Rees and Mrs Waygood for organising it and we have currently made a total of £185, but the total is still growing.

Macbeth Play

On the 14th of October, the drama department at Stopsley High School is offering a trip to see Macbeth. This private performance just for us will be held at the Luton Library Theatre and this production, unlike the original, is set in the 1980's. The play tells the story of greed, betrayal and murder in 1987 London. The play 'Macbeth' is currently something that the year ten students are studying and analysing.

Macbeth is also something that is included in your GCSE English literature paper. This is a fantastic opportunity to see this story come alive on stage and will overall help your understanding of the play. Make sure to get your place quickly, as the tickets are limited and the deadline is Sunday 29th September - your parents can pay for the trip via sQuid.

Tilly Rollinson Interview

Who inspired you to start diving?

My sister Amy starting diving before I did, and I went to watch her a few times. I really liked the look of it, so I had a go too and I instantly fell in love.

How has diving helped you in other ways?

I really like diving because it keeps me fit and healthy, which helps me with lots of things, and is also really enjoyable.

Do you think that you'll make a career out of diving?

I definitely think that it's a possibility and it will be something I look into in the future.

Would you recommend diving to other people?

Definitely! It's such a fun and enjoyable thing to do and it really helps keep you fit.

How long have you been diving?

I started diving over 3 years ago, and I've come so far. I been in a few competitions, and I once came first representing Putteridge Primary in a 100m.

Interview by Aimee Christian and Ella Larman.
