

Dear Parent

### **COVID 19 - Information for Parents**

As I am sure you are aware, concern over COVID-19 is rising in both the national and local environment. As a school we would like to reassure you of the procedures we are taking to minimise risk. Every day we check for the most up to date guidance from the Department for Education and Public Health England and we are diligently following their advice.

The school community are aware of the need to use tissues to capture sneezes, wash hands regularly and use hand sanitiser. To reduce the spread of germs in school, we have increased the cleaning rotas.

However, for the immediate future, school carries on as normal and will continue to do so until we are advised otherwise.

Having said that we are currently putting together a plan to ensure that students are supported to continue their learning at home should the school be directed to close by the government. Most of that work will be shared electronically and so all students and parents are advised to ensure that they are able to login to the platforms that we use (a list of these is below) so that staff can share work. Year 11 students particularly have been encouraged to think through what they will need to take home in this crucial period of their school career.

If you are unable to access online resources, please contact the school via email on [admin@stopsleyhighschool.co.uk](mailto:admin@stopsleyhighschool.co.uk) so that alternative arrangements can be made should the need arise.

Please let me reassure you that we will continue to do all that we can to prepare and we thank you for all your support and understanding.

Yours sincerely,

K Johns  
Headteacher
