

STOPSLEY
HIGH SCHOOL

STOPSLEY WEEKLY

Ambition • Endeavour • Success

Week 2 18/09/20

Stopsley Values

AMBITION

We inspire students to aim high and dream big, developing strong aspirations and a lasting love of learning.

ENDEAVOUR

We encourage students to embrace challenges, to learn from mistakes and develop the resilience to thrive in an ever-changing world.

SUCCESS

Our innovative and creative teaching empowers students to drive their own learning and achieve their potential.

Headteacher's Letter

Dear parents & carers,

Thank you for all your support over the last few weeks. At last we have all of our students in school. It has been a slower process than usual as we really needed to be sure the extensive systems are in place to keep everyone safe and ensure that learning can happen. Students are completing all of their lessons in school and accessing the full curriculum. They have been wonderful. We are so proud of how they conduct themselves keeping everyone safe and secure. They listen and have responded well to the structured movement around the school. We are managing to get them all outside to have a run around as well as getting a lunch break in the dining room. Access at the start and end of the day is going well. Please remind the students to leave the outside area of school at the end of the day and head on home so that there are no groups mixing with other year groups along the way.

Have a good weekend

Karen Johns

Term Dates

School Closes: Friday 23rd
October 2020

School Opens: Monday 2nd
November 2020

Public Health Guidance: Testing

There continues to be significant national problems with booking tests that are affecting us in Luton too. The advice for parents who want to arrange tests for their children is to go online to [nhs.uk](https://www.nhs.uk) or to **ring 119**. The website is refreshed regularly, so parents should keep checking if no local tests are available. Parents should **not phone 111**, as this service can't arrange tests and should only be used for urgent medical needs.

Q&A with Year 7

Mrs Stewart, Head of Year 7 has interviewed two of her students to see how they have settled into Stopsley. Say hello to Amelia Klausner and Rojai Wedderburn – Smith

Mrs Stewart: Thanks for chatting to me! So, how did you feel before your first day?

Amelia: Excited, but nervous!

Rojai: Overwhelmed.

Mrs Stewart: How was your first day?

Rojai: The morning was frightening but then as I got to introduce myself and make friends as the day went on I felt happy.

Amelia: Throughout the day, the more it went on it was getting better.

Mrs Stewart: What do you think about the last 2 weeks?

Rojai: I love Stopsley and it is very different from primary school, in a good way.

I didn't expect it to be so long and so different like eating lunch first, but then I like that at the second break you can just have fun.

I have enjoyed Drama and my favourite so far is PSHCE as I like to talk about the future and that it is preparing you for the future.

Amelia: I love school so I've loved every minute of it. My favourite lesson is history as I like learning about what happened in the past. Also maths, at primary school I didn't like maths but my teacher got me through it and now I like it.

Rojai: When I'm older I want to be an underground engineer and start my own car dealership so I know I need to work hard and listen hard in Math and English and DT. I enjoy the class reading in form time as I like listening to people read and get intrigued.

Amelia: I like to read in class too and I like to read all together but I will read by myself at home.

Mrs Stewart: What are you looking forward to in school?

Amelia: I am looking forward to the day where we can move around the school.

Rojai: I am looking forward to dissecting stuff like frogs in science, making stuff and anything mechanical.

Mrs Stewart: Thank you so much for talking to me.
